FORD

THE UNIVERSAL CAR

The greatest economy of Ford cars is not in the low price but in the low after cost of operation-less than two cents a mile-in city and country. They are senigred and built to serve and save; to bring the luxury of pleasure and the stordiness in business work—this is why there are more than 700,000 now in use—this is what has made the Ford the universal -these are the merits we present why you should

Rayers of this car will share in profits if we sell at retail 200,000 new Ford cars between August 1914 and August 1915.
